

## Targeted Case Management (T1017) for CHIP (Title XXI) Beneficiaries

In consideration of the administrative task that would result at both the provider and the Health Plan level, Sunflower Health | Cenpatico has determined not to recoup payments for the claims previously paid for procedure code T1017 for Sunflower Title XXI (CHIP) members. These services were performed in good faith by the provider and paid in good faith by Sunflower Health | Cenpatico. Effective immediately, we will no longer pay claims for this non-covered service. If you have questions, please contact Customer Service at 1-866-896-7293.
